

HONEST GAME®

Our ALL IN Athletics student-athletes and their families have access to an HONEST GAME account.

Honest Game empowers student-athletes and their families with the expertise and confidence needed to navigate NCAA and NAIA academic eligibility. Regardless of the path athletes take after high school, Honest Game provides real-time status updates and harnesses a player's passion for sports to fuel their motivation for learning.

Each student-athlete will receive an online individualized [College Athletic Report on Eligibility \(CARE®\)](#), which transforms their transcripts into a personal plan, including strategic individualized guidance and short-term goals to achieve and maintain academic eligibility.
